Partner Testimonial - Code Ninjas

It is rare that an organization is formed with such a strong community-minded mission AND that gathers a large following as quickly as Unite & Inspire did in its short 3 years. We continue to be inspired by the work this organization and its volunteers do in the community. Code Ninjas couldn't be more proud to support the STEAM initiative of U&I. After all, both organizations are aligned to help students develop the skills they need to be successful in the future.
