Community Volunteering Activities

Design Thinking Workshop

DA Bike Ride Event

Our STEAM team conducted external engineering workshops in collaboration with our longstanding partner, Texana. Volunteers were internally trained by our youth leads in order to conduct these sessions externally with partners. These trained volunteers, under the guidance of our mentors, taught TinkerCAD—an engineering design software—to kids with special needs.

U&I volunteers partnered Nonprofit for the 3rd annual Bike ride & 1K Colour Run. This bike ride supported survivors of domestic abuse.

Sugar Land Parks and Recreation Activity

BMC

Maintaining the cleanliness of the parks is an effective way to support the green spaces in our city. U&I volunteers join hands to clean our city parks every weekend for it to be beautiful and clean for all to enjoy.

BMC Software chose Unite & Inspire as a benefiting organization yet again with their continued support through "BMC CARES" - a Corporate Social Responsibility wing of the Multinational Company! Backpacks were filled with school supplies and were distributed by our U&I volunteers to Title - 1 Schools.
